

Veterinary Surgeon Wanted

ARE YOU TIRED OF WORKING LONG DAYS, NIGHTS AND WEEKENDS?

DO YOU WANT TO BE PART OF AN AMAZING VETERINARY MISSION THAT ALLOWS YOU A GREAT WORK/LIFE BALANCE?

Middle Tennessee Spay & Neuter Clinic is a highly engaged, supportive, and dedicated, Humane Alliance trained medical team in search of a compassionate, positive, motivated, and high-paced veterinarian with a love for surgery that wants to make a difference.

If you love surgery, but are not sure about working at a nonprofit, high quality, high volume spay/neuter practice, we are able and willing to provide the specialized training to you that is needed to achieve our goals.

MTSNC is a same day surgery center. Vaccinations, heartworm or feline/leukemia aids testing, microchips, e-collars, antibiotics, flea and tick medications and additional pain medications and/or sedatives are also available for patients. Those getting sterilized at our clinic include small and large, male and female, canine and feline pediatric and older pets. We also see standard and abdominal cryptorchids, umbilical hernia's, pregnancies, pyometras and feral cats.

The candidate should be a compassionate professional that can be a kind, but effective leader of a skilled team of individuals with a common goal and have empathy and excellent customer skills as well. Whether a recent graduate or more seasoned veterinarian, we have training available to get you to the desired number of surgeries. The applicant must have a Tennessee license.

Together, we can create a compensation package to best fit you. We offer extremely competitive pay, paid licenses and insurance fees, some continuing education paid, discounted products, and specialized training. If you are ready to be overwhelmed by pride and satisfaction and feel appreciated for a job well done every day, please send us your resume.

For more information or to send a resume contact Kimberly Warren, Executive Director at cell: 931-619-8490, office: 931-684-5353, kwarren@mtsnc.org or 846 Union St. Shelbyville, TN 37160.
